Education

- **Raghu Institute of Technology, RIT** — Visakhapatnam, India
  Bachelor of Technology - Computer Science; CGPA: 7.5 — Oct 2023 - June 2026
- **Yelamarthy diploma college** — Visakhapatnam, India
  Diploma (Mechanical); Percentage:75% — Feb 2017 - July 2020
- **St, Francis School, ICSE** — Visakhapatnam, India
  Class X; Percentage: 65 — Jan 2017

Skills

- **Languages**: SQL, Python, Html, CSS
- **Tools**: MS Excel, MS Word, PowerBI, GenAI - Chatgpt & ClaudeAI
- **Core Subject & Concepts:** Computer Science, Data Science
- **Soft Skills**: English, Hindi, Telugu

Experience

- **INTERN-POWERBI, EDUNET FOUNDATION – Microsoft Elevate (Remote)** **Feb - March 2026**
  - Through weekly participation in mentor sessions, I managed and completed all tasks and milestones for the Report and Dashboard on a weekly basis, successfully bringing the project to completion and submission.
- **INTERN-FRONT END WEB DEVELOPMENT, EDUNET FOUNDATION - IBM SKILLSBUILD**(Remote) **June - July 2025**
  - Through weekly participation in mentor sessions, I managed and completed all tasks and milestones for the online quiz application on a weekly basis, successfully bringing the project to completion and submission.
- **AG1 Partner Sourcing, Live Connections** **Oct 2022 – Oct 2023**
  - Managed full-cycle recruitment for in-house and client roles, from gathering requirements to final selection. Sourced qualified candidates through various channels, conducted comprehensive HR interviews to assess skills, and oversaw the entire hiring process to ensure a streamlined experience.

Projects

- **Civic Issue Reporting Using Road Surface Modeling:** (Nov 2025 - May 2026) **ongoing**
  - Built a mobile app enabling citizens to report road issues (potholes, drainage, traffic) with GPS location and photo capture.
  - Integrated a backend system to auto-analyze uploaded images, classify issues, and generate official complaint letters with user details and evidence.
  - Implemented complaint tracking and automated department routing to improve government response time and road safety transparency.
- **Job Layoffs Data Cleaning & Exploratory Analysis | SQL – Link (SQL)**
  - Performed end-to-end data cleaning and EDA on a regional job layoffs dataset using SQL — leveraging CTEs, window functions, joins, and aggregations to uncover trends across companies and geographies.
- **Data Cleaning & Dashboard | Microsoft Excel – Link (Excel)**
  - Performed data cleaning and exploratory analysis in Microsoft Excel leveraging VLOOKUP/XLOOKUP, pivot tables, and conditional formatting; designed charts and dashboards to visualize key business trends.
- **Data Professional Survey Dashboard | Power BI - Link(PowerBI)**
  - Designed a Power BI dashboard transforming raw survey data from 630 data professionals into interactive insights on salaries, programming language trends, and job satisfaction across global roles.
- **Online Quiz application| React.js, HTML, CSS, Java Script (August 2025 - Oct 2025)**
  - Developed a quiz platform with user registration, login, multiple-choice questions, time limits, and instant score evaluation.
  - Built an admin panel to manage quizzes, questions, and user performance with automated score calculation and result display.
- **Achievements and Certificates**
  - Deep Learning Workshop Certificated.
  - Cisco- Introduction of AI Model Certificated.
  - Product Management GeeksforGeeks
